- **OSD languages:** English, French, German
- **VESA Mount:** 200 x 100 mm
- **Other convenience:** Kensington lock

Power

- **Mains power:** 110 - 240V, 50/60Hz
- **Power consumption:** 120W Normal operation W
- **Ambient temperature:** +5°C/+40°C

Dimensions

- **Colour cabinet:** Bicolour Black & Silver Frost
- **Set dimensions (W x H x D):** 924 x 507 x 119 mm
- **Product weight:** 19 kg
- **Dimensions (with base) (W x H x D):** 924 x 550 x 222 mm
- **Box dimensions (W x H x D):** 1000 x 690 x 240 mm
- **Weight incl. packaging:** 22 kg

Accessories

- **Included accessories:** Power cord, Table top stand, User manual
- **Optional accessories:** Set up Remote RC2573GR, Wireless SmartLoader 22AVI 120

Product highlights

Wireless Smart Loader™

Provides the ability to copy easily and wirelessly all programming settings from one TV set into other TV sets in less than a minute. The feature ensures uniformity between TV sets and significantly reduces installation time and costs.

SmartPower

The backlight intensity can be controlled and pre-set by the system which can reduce the power consumption up to 50% which saves substantially on energy costs.

Integrated Clock Display

The built-in clock display, which is also a wake-up alarm, eliminates the need for an additional clock with cables and connections in the room. Automatic time synchronisation via teletext, selectable display brightness and wake-up alarm level to enhance guest comfort.

External Loudspeaker Connector

Amplified audio connector for easy installation of external speakers (like for bathrooms), eliminating the need for investments in external equipment

Front/Side controls locking

By selecting in the set up menu the option to lock or unlock access to the front and side controls of the TV, unauthorised access to the TV menu is prevented saving the hotelier time and effort of re-installing.

Integrated SmartCard Slot

Allows third party decoders and application cards to interface with the TV adding new functionality to the TV. Expandable for future upgrades and digital applications like internet based solutions. The SmartCard Xpress™ Card Slot is integrated in the LCD Flat TV which eliminates the need for additional boxes and external connections.

Serial Xpress™ Control

The Serial Xpress™ Control interface is compatible with all major premium entertainment services. The protocols enables the TV connection with external decoders, set-top boxes and PC based solutions. Support UART and RS232 protocols.

Extra integrated Power Supply

The Extra integrated Power Supply ensures operation of the Expansion Slot, the Clock Display and Wake-up Alarm when the TV set is switched off. It is designed in such a way that only one powerplug/wallsocket is needed for easy cable management.

Volume Control Locking

This feature predefines the volume range in which the TV set can operate, preventing excessive volume adjustments avoiding disturbance of next door neighbours.

Welcome Message

Welcome greeting displayed on screen each time the TV set is switched on

HD Ready

Enjoy the exceptional picture quality of a true High Definition TV signal and be fully prepared for HD sources like HDTV broadcast, Blu-ray DVD or HDVD. HD ready is a protected label that offers picture quality beyond that of progressive scan. It conforms to strict standards laid out by EICTA to offer a HD screen that displays the benefits of resolution and picture quality of a High Definition TV signal. It has a universal connection for both analog YPbPr and uncompressed Digital connection of DVI or HDMI, supporting HDCP. It can display 720p, and 1080i signals at 50 and 60Hz.
