- RS-232C Control Interface: ..... 1

### Optional Accessories

- Wall-Mount Bracket:..... H6530

### Dimensions

Monitor With Tabletop Stand

- Height ..... 28 5/8"
- Width ..... 37 1/16"
- Depth..... 13 13/16"
- Weight ..... 71 lbs.

### Warranty

- 2 Year Parts and Labor Warranty In-Home Service

<sup>1</sup> WXGA Resolution - 720 HDTV signals are scaled to fit the 768 display. More than 94% of the 720 signal is scaled to the display. Due to variances in program productions and transmissions not all of the 720 signal is suitable for display.

<sup>2</sup> Requires the internal tuner plus an external tuner or other source device

<sup>3</sup> This digital television is capable of receiving basic analog, digital basic and digital premium cable television programming by direct connection to a cable system providing such programming. A security card (CableCARD) provided by your cable operator is required to view encrypted digital programming. Certain advanced interactive digital cable services may require the use of a set top box: video-on-demand, cable operator enhanced program guide, data enhanced television service. For more information contact your local cable operator.

<sup>4</sup> HDMI inputs are compatible with DVI-HDTV (HDCP) signals when combined with an adapter cable. Adapter cable is not included
