## 37HLC56

37" (measured diagonally)  
Custom Series™ HD LCD Monitor

### KEY FEATURES

#### VIDEO

- New 16:9 CineSpeed™ LCD Panel with Response Time of 8ms or Less
- 800:1 Contrast Ratio
- Wide 176° Viewing Angle
- 3D Y/C Digital Comb Filter

#### AUDIO

- SRS® WOW™ (3D, TruBass®, FOCUS®)
- StableSound®

#### CONVENIENCE

- HDMI™ Digital Input
- Dual ColorStream® HD Component Video Input
- PC Input (15 Pin, D-Sub)
- 4-Item Glow Universal Remote<sup>1</sup>

### ADVANTAGE TOSHIBA

CustomSeries™ design eliminates the sets internal tuner, perfect for anyone who has chosen to utilize a cable or satellite box as his or her TV tuner.

CineSpeed™ panel LCD sets provide the lightning fast (8 ms or less) response time required by the most demanding home theater enthusiasts.

SRS® WOW™ greatly improves audio performance and gives the listener the feeling of having a multi-speaker surround sound system experience.

Dual HDMI™ Digital Inputs provide uncompressed digital video and digital audio in one convenient cable for connection from home theater components.

# 37HLC56

## TECHNOLOGY & BENEFITS

### VIDEO

**CineSpeed™ LCD Panel** - These LCD panels offer faster response times (8ms or less).

**Wide 176° Viewing Angle** - Off axis viewing is maximized to allow everyone in the room to enjoy the show.

### AUDIO

**StableSound®** - reduces unwanted volume fluctuations (eg. during commercials) by keeping volume within set levels, for easier listening.

**SRS® WOW™ (3D, TruBass®, FOCUS®)** - SRS® WOW™ technology takes the performance of the television's existing speakers to a whole new level, offering superior sound quality with no additional speakers required. SRS WOW consists of three separate sound-expanding systems which work together to extract "buried" highs and lows. The three systems are SRS 3D, TruBass, and FOCUS. SRS 3D creates a three-dimensional sound field from just two speakers, thus giving the listener the feeling of hearing a multi-speaker surround sound system.

### CONVENIENCE

**PC Input (15 Pin D-Sub)** - For use as a computer monitor for added flexibility.

**HDMI™ Digital Input** - includes both uncompressed digital video and digital audio in one convenient cable for connections from today's best home theater components.

**4-Item Glow Universal Remote** - This universal remote will operate a home theater system and is fully backlit for ease of operation at night.

**Updated Grey and Silver Cabinetry** - For the best look, even when the set is turned off, Toshiba has designed a grey and silver cabinet with integrated bottom speakers.

<sup>1</sup>In some cases, the remote control may not operate additional devices or certain features of such devices, in which case, it is suggested that you use the original remote control for the applicable device.
