- Digital Cable Ready with CableCARD™ Slot
- 6-Item A/V Illuminated Universal Remote Control
- HD Window™ POP with Split Screen and 9 Multi-Windows
- Omniviewer™ Memory Card Slot (SD, MS, MMC, CF, xD)

ADVANTAGE TOSHIBA

- >> 1394 DTV Link connects to optional recording devices such as the Symbio™ HD recorder to preserve and archive HD content.
- >> Digital Encoder digitizes analog signals for IEEE1394 transmissions.
- >> PixelPure AT™ (Adaptive Technology) includes Motion Adaptive De-Interlacing, Adaptive MPEG Processing, Adaptive Contrast Enhancement, and Adaptive Color Enhancement, all critical elements to deliver the consistently high quality picture expected from a Toshiba Television.
- >> Toshiba Home Interactive Network Connection (THINC™) introduces your television to your home network by allowing MP3 and JPEG files to be accessed from your television screen. THINC™ also allows remote programming functionality when connected to the optional Symbio™ HD recorder.
- >> High Definition MultiMedia Interface (HDMI™) is the next generation of DVI. It includes the DVI digital video signal, and multi-channel digital audio signals on a single cable thus eliminating the need of a multiple cable hookup.
- >> Sleek Glossy Black Cabinet for a set that looks great in any room, whether off or on.
