Silver/Black

Overview

Mitsubishi's 531 Series LCD HDTVs feature a high quality picture in a stylish compact cabinet.

Mitsubishi's exclusive LCD light engine features a 132 watt lamp for a bright picture with deep color. It also includes Mitsubishi's SmartShutter™ dynamic aperture system, which improves black levels for superior dark scene detail. 3D Video Noise Reduction uses advanced algorithms to produce crystal-clear images, even from poor signals. In addition, PerfectColor™ controls the intensity of six separate colors independently of each other and can store settings for every input.

The 531 Series offers two HDMI™ inputs to accommodate both a digital cable or satellite box, plus the latest disc player. ClearThought® Easy Connect recognizes inputs as they are plugged in, to simplify set up and day-to-day operation. And an all-new remote control puts the most often-used buttons just where you'd expect to find them.

Get the Perfect Picture Every Time

- Mitsubishi Exclusive 720p LCD Light Engine
- 132 Watt Lamp
- SmartShutter™
- Plush720p®
- 3D Video Noise Reduction
- PerfectColor™
