# Cinema Series® 55UL610U

## Lifelike entertainment: unleashed

Toshiba's 55" class UL610U LED HDTV delivers totally eye-popping bigscreen 3D performance in 1080p full HD.

Experience the best of 3D—and Toshiba innovation, too, with this 55" class UL610U LED HDTV. Built using 3D Dynamic (Active) LED technology, this bigscreen behemoths command the room with brilliant 2- or 3D visuals in 1080p full HD. And thanks to our exclusive 3D Resolution+® solution they also serve up sharp 3D images from non-full HD 3D signals. Our exclusive Quantum Black™ LED panel with Fine Local Dimming creates blacks with more depth and character, plus enhanced highlights. Our ClearFrame™ 480Hz technology minimizes blurring for sports or fast-action video. And our CrystalCoat™ Contrast Enhancer stops light reflections from washing out whatever you're watching. When you're ready for the best of the Web, our NetTV package with Yahoo!® Widgets gives you today's favorite apps for socializing, posting creations, downloading movies and reading the news. And if it's cable-free in-home connectivity you're after, built-in WiFi® makes it happen. Draped in an ultra-thin metal Blade™ design with chrome trim, and including a cool illuminated remote, the 55" class UL610U LED HDTV is your ticket to 3D entertainment.

### Key Features:

#### 1080p Resolution

See colors and details like you never have before! Enjoy the highest level of HD picture quality with 1080p Full HD.

#### 3D Dynamic (Active)

For the videophile who wants to take movie watching to a whole new dimension, and let yourself be blown away with the depth and detail of 3D before your very own eyes.

#### ClearScan 480™

Get awesome, crisp images for quick-action sports and other fast-motion video.

#### Fine Local Dimming

With increased number of "zones", allows for precise and accurate dimming control and deeper images.

#### Quantum Black™ Panel

The ultimate in Toshiba TV picture quality providing a panel with a faster response time and deeper blacks.

<sup>1</sup>While every effort has been made at the time of publication to ensure the accuracy of the information provided herein, product specifications, configurations, system/component/options availability are all subject to change without notice. <sup>2</sup>Due to the possible impact on vision development, viewers of 3D video images should be age 6 or above. Children and teenagers may be more susceptible to health issues associated with viewing in 3D and should be closely supervised to avoid prolonged viewing without rest. Some viewers may experience a seizure or blackout when exposed to certain flashing images or lights contained in certain 3D television pictures or video games. Anyone who has had a seizure, loss of awareness, or other symptom linked to an epileptic condition, or has a family history of epilepsy, should contact a health care provider before using the 3D function. See 3D Viewing: Important Safety Information Legal Footnote at [www.info.toshiba.com](http://www.info.toshiba.com) <sup>3</sup>Resolution+® Upconversion of standard definition content will result in near HD picture quality. The effect of enhancement may vary depending on input signal and content quality. <sup>4</sup>NetTV Third party internet services are not provided by Toshiba, may change or be discontinued at any time and may be subject to internet service provider restrictions. Toshiba makes no warranties, representations, or assurances about the content, availability or functionality of third-party content or services. Use of third party internet services may require the creation of a separate account through a computer with internet access and payment of one-time and/or recurring charges and membership. Not all third party services may be available on or compatible with this product. In order to experience the full suggested capabilities of this product, fully-compatible devices may be required. <sup>5</sup>Wi-Fi Ready® Third party internet services are not provided by Toshiba, may change or be discontinued at any time and may be subject to internet service provider restrictions. Toshiba makes no warranties, representations, or assurances about the content, availability or functionality of third-party content or services. Use of third party internet services may require the creation of a separate account through a computer with internet access and payment of one-time and/or recurring charges and membership. Not all third party services may be available on or compatible with this product. In order to experience the full suggested capabilities of this product, fully-compatible devices may be required. <sup>6</sup>HDMI®-CEC Use of HDMI®-CEC requires an HDMI®-CEC compatible display/peripheral device. Depending on the specifications of your device, some or all HDMI®-CEC functions may not work even if your display/peripheral device is HDMI®-CEC compatible. <sup>7</sup>VESA® Mounting Pattern If you decide to wall mount your Toshiba television, always use a UL Listed wall bracket appropriate for the size and weight of the television. Care should be taken to place or install the display where it cannot be pushed, pulled over, or knocked down.
