- 1 Year Parts and Labor Warranty - In-Home Service

¹ More than 94% of the 720 signal is displayed. Due to variances in program productions and transmissions not all of the 720 signal is suitable for display.

² This digital television is capable of receiving basic analog, digital basic and digital premium cable television programming by direct connection to a cable system providing such programming. A security card (CableCARD) provided by your cable operator is required to view encrypted digital programming. Certain advanced interactive digital cable services may require the use of a set top box: video-on-demand, cable operator enhanced program guide, data enhanced television service. For more information contact your local cable operator.

³ HDMI inputs are compatible with DVI-HDTV (HDCP) signals when combined with an adapter cable. Adapter cable is not included. All trademarks are the property of their respective owners.

All specifications and dimensions are subject to change without notice. Refer to www.hitachi.us/tv for updated custom installation specifications.
