For cinema lovers, there's no greater gift than the Samsung PN58C500 Plasma HDTV. The power and picture quality of Full HD 1080p resolution is matched by Samsung's advanced 600Hz Subfield Motion technology, which renders onscreen action smoothly and reduces motion blur. Enjoy movies, videos and more via AllShare™, which lets you wirelessly connect to any DLNA certified devices in your house and access media files on your HDTV – even from another room. Or simply plug in a thumb drive or digital camera and instantly watch content, thanks to the innovative ConnectShare™ Movie feature. With Samsung's PN58C500 Plasma HDTV, everyone's a movie fan.

PN58C500

PN58C500

 58" Widescreen Plasma HDTV

SPECIFICATIONS

Exceeds ENERGY STAR® standards: Energy saving, up to 43% less than our similar 2009 Plasma TV in standard mode.

See energystar.gov for more details.

Touch of Color™: Exclusive Touch of Color design combines texture and color that can complement any room.

Full HD 1080p resolution: Enjoy the powerful picture quality, vivid colors and stunning clarity of Full HD 1080p resolution.

600Hz SubField Motion: Offers crisp, clear Plasma HD action in every frame.

2,000,000:1 Mega Dynamic Contrast Ratio: Black tones and shadow areas are rendered superbly and with great range versus brilliant whites.

FEATURES

Clear Image Panel: Samsung's new single-filter clear panel design eliminates the off-angle reflections that cause picture blurring of images and details. Images and text look great straight on or at any angle.

AllShare™: Sync up your entire household. A wired or wireless DLNA® connection lets you stream your PC audio and video files to your HDTV using your remote.

ConnectShare™ Movie: Connect a thumb drive or digital camera quickly and easily. User-friendly interface allows access to videos, a music playlist and pictures via the remote.

Eco Sensor

VESA wall mount pattern: 600mm x 400mm.

CONNECTIONS

3 HDMI® (High-Definition Multimedia Interface): HDMI® makes it easy to connect your home theater with one cable per component.

2 Component and PC input

AUDIO

SRS TruSurround HD™: Get crisp, clear digital-quality sound via advanced SRS technology.

15 Watts x 2 audio power stereo broadcast reception: Supports multi-channel sound (MTS) and second audio program (SAP) with 181-channel capacity.
