

DView™
LCD™ Flat Panel Monitors

Vidikron introduces the VL-26, VL-32, and VL-37 DView™ flat panel high definition displays.

This new Vidikron Series of LCD HDTV Displays has been designed for the discriminating enthusiast with the highest video quality expectations. In keeping with Vidikron's commitment to excellence, we have incorporated numerous custom installation-friendly features such as comprehensive ISF calibration capabilities, a generous assortment of inputs plus full integration ability with today's latest and most advanced home automation systems. Each DView monitor includes Vidikron's exclusive Imagix™ processing technology to produce stunning images from any source.

All three high definition displays are wrapped in the Vidikron 'pewter finish' to suit any home décor.
