Digital Connectivity:

HDMI (High-Definition Multimedia interface)

Access the full digital world

- Enjoy the highest fidelity uncompressed full-digital video and audio quality
- Make the TV ready to handle 1 HD source

Crystal Motion™

Exclusive picture processing for a brighter image and enhanced contrast

Spatial Sound System

- 10 speakers (8 in front and 2 Rear)
- The two speakers located on the rear of the LCD screen quite literally reflect the sound off of the wall. The result is an amplified and yet further enhanced stereo quality.

Integrated Digital Freeview Receiver*

- Access to free digital channels
- Only one remote control needed for all features and functions
- Allows programmed recording of Freeview channels when TV is on or in standby mode

HD READY

- 720-line display in progressive scan mode (720p) or 1080-line in interlaced mode (1080i)
- With the development of HDTV content, you can enjoy your programmes in a quality up to 20 times superior to that of electro-magnetic TV reception and up to 3 times better than DVD
