new model with ATSC!

Performance, value, superb industrial design; all hallmarks of byd:sign's commitment to building superior flat panel televisions and monitors. The new DREAM series combines all performance you would expect from a much higher priced product; ultra thin design, crystal clear LCD screen that supports high definition resolutions up to 1080i, and a superbly designed remote control. The d:3232D also features a large compliment of input jacks making connections to multiple components convenient and easy.
