DEFINE series

## state of art redefined

Performance, value, superb industrial design; all hallmarks of byd:sign's commitment to building superior flat panel televisions and monitors. The new DEFINE series combines all performance you would expect from a much higher priced product; ultra thin design, crystal clear plasma screen that supports high definition resolutions up to 1080p, and a superbly designed remote control. The d:4201A also features a large compliment of input jacks making connections to multiple components convenient and easy, and an integrated ATSC digital tuner.
