

# FP-T6374

63" Widescreen Plasma HDTV with Full HD 1080p Resolution

Samsung's FP-T6374 is a commanding focal point for any media room. Full HD 1080p resolution brilliantly displays every image on this 63" plasma HDTV in crisp detail. With 18-bit processing and a 15,000:1 contrast ratio, you enjoy a dazzling picture in an astonishing range of colors and shades, from the whitest whites to the blackest blacks. Even in a bright, daylight-filled room, new Ultra FilterBright™ eliminates glare, for full-bodied color and contrast at all times. Advanced Samsung plasma picture technology delivers sharper screen text, while eliminating "noise." Samsung also introduces an innovative auto-pixel-shift technology that makes picture "burn-in" a thing of the past. Experience robust, 3-dimensional TruSurround XT™ sound. Connect all your digital devices and peripherals courtesy of 3 HDMI ports, a full complement of audio and video inputs, and a USB 2.0 input. And the HDMI-CEC feature lets you streamline all your CEC-enabled devices conveniently through just one remote control. And it's Energy Star Compliant, so you'll use less energy.

## TV/Video

- Ultra FilterBright™ anti-reflection filter
- Powerful anti-burn-in technology
- NTSC/ATSC tuner with Clear-QAM
- Power save feature
- Energy Star® Compliant
- Game mode
- Silhouette editor (False Contour Reduction)
- Natural True Color with 18 bit color processing
- 15,000:1 contrast ratio
- 1920(H) x 1080(V) pixel resolution
- Consumer Electronic Control (HDMI-CEC) compliant

## Audio

- 15-watts per channel built-in audio amplifier
- SRS TruSurround XT™

## Connections

### Rear A/V

- 3 HDMI — High Definition Multimedia Interface (2 rear/1 side)
- HDMI CEC
- 2 component connections
- S-Video and composite connections
- PC input

### Side A/V connections

- HDMI—High Definition Multimedia Interface
- USB 2.0
- S-Video and composite connections
- Headphone jack

## Additional features

- Swivel stand

OFFICIAL HDTV OF THE NFL

# FP-T6374

63" Widescreen Plasma HDTV with Full HD 1080p Resolution

## Specifications

**15,000:1 contrast ratio.** Two of the most important factors in overall picture quality, contrast and brightness, achieve new heights in these latest generation plasma panels. Together with the DNIe proprietary circuitry, Samsung's new plasma TV's give the most stunning realistic picture quality ever from a flat panel set.

**1024 horizontal x 768 vertical pixel resolution** presents video and text with outstanding clarity and resolution.

**60,000 hour panel life.** Samsung's new panels are made to last longer, so you can be confident that the high picture quality will endure.

**Cinema Progressive (Film mode)**

**Built-in HDTV tuner (ATSC/NTSC)**

**Picture-in-Picture (PIP)** enables convenient simultaneous viewing of TV and video or PC sources.

**DNIe™ The Samsung Digital Natural Image engine.** This exclusive Samsung technology dramatically improves the picture by enhancing the contrast, detail, white balance and reduces noise.

**Anti Burn-in Technology**

- Auto pixel shift (user programmable)
- Signal pattern processing function
- All White

**10-watts per channel built-in audio amplifier.** Powerful built-in amplifier to drive the integrated stereo speakers.

**Built-in 2-way speaker system**

**Bottom speakers**

**SRS TruSurround XT™.** TruSurround is a patented SRS technology that solves the problem of playing 5.1 multichannel content over two speakers. TruSurround delivers a compelling, virtual surround sound experience through the two-speaker internal playback system.

**Natural true color.** Samsung Plasma TV can display Natural True Color with 18 bit processing. And new algorithm adjusting color balance will let you enjoy the 'As-is color'

**Silhouette editor** (false contour reduction) delivers clear images without contour lines.

**Game Mode** enhances dark areas, sharpens the picture, speeds up the image processing response and enhances the sounds of your games. Picture and sound quality optimized for the special needs of gaming systems at the touch of a button.

**Side A/V ports** provides easy connections so you can connect a camcorder, digital camera, or any other digital device with no hassles.

**HDMI CEC** With HDMI-CEC connection, peripheral devices such as DVD player can be controlled by TV remote control.

**USB 2.0** connection for playing photo files or listening to MP3.

**V-Chip system<sup>1</sup>** allows blocking of rated TV and movie programs determined by the parent to contain objectionable content.

**Power saving** (off/high/middle/low)

**Trilingual on-screen displays** in English, Spanish or French.

**Favorite channel list**

**Auto wall mount compatible**

3-dimensional operation via TV's control; no external IR receiver required.

## Quality

**2-year parts and labor warranty.**

Samsung's warranty is longer than most competitors for a reason. The product is built to last and provide years of trouble-free top quality enjoyment.

**Energy Star® Compliant<sup>2</sup>** - Standby power consumption under 1W

## Connections

**Rear A/V connections**

- HDMI – High Definition Multimedia Interface (CEC): 2
- Component video inputs (Y,Pb,Pr): 2
- S-Video and composite video inputs: 2
- PC (RGB) input: 1
- RF input: 2
- Motorized mount control

**Side A/V connections**

- HDMI – High Definition Multimedia Interface: 1
- S-Video and composite video inputs
- USB 2.0
- Headphone jack

**Rear output jacks**

- Audio monitor out
- Digital audio (optical)
