

HP-S6373

63" High Definition Plasma TV

No matter how you look at it, Samsung's TrueWide™ HP-S6373 63" Plasma HDTV with digital cable-ready tuner outperforms the competition. Even in a brightly lit room, images remain glare-free and crisp from every angle thanks to Samsung's patented FilterBright™ Plus technology. Billions of colors and the 10,000:1 contrast ratio capture every nuance. Rich surround sound completes this extraordinary entertainment experience.

TV/Video

- FilterBright™ Plus anti-glare filter
- 10,000:1 contrast ratio
- 1,000 cd/m² brightness
- 1366(H) x 768(V) pixel resolution
- 16:9 widescreen aspect ratio
- 549 billion colors
- Split screen & picture in picture
- NTSC/ATSC tuner built-in
- Samsung DNle™ (Digital Natural Image engine)
- 175°(H/V) viewing angle
- 3D comb filter
- Auto pixel shift (burn in resistance)
- Power save feature
- Integrated swivel stand

Audio

- 15-watt per channel
- Built-in 1-way, 2-speaker system
- SRS TruSurround XT™

Rear A/V connections

- 2 HDMI – High Definition Multimedia Interface
- 2 component video inputs (Y,Pb,Pr)
- S-video and composite video input
- PC (RGB) input

Side A/V connections

- S-video and composite video input
- Headphone jack

All on screen images are simulated pictures.

* Claim represents phosphor "half life" viewing time under normal conditions after which picture brightness is 50% less than new.*

HP-S6373

63" High Definition Plasma TV

Specifications

FilterBright™ Plus anti-glare filter minimizes the reflection of external light while maximizing the projection of the TV picture. Viewers can enjoy crisp and bright images in any lighting conditions.

10,000:1 contrast ratio/1000 cd/m² brightness. Two of the most important factors in overall picture quality, contrast and brightness, achieve new heights in these latest generation plasma panels. Together with the DNle proprietary circuitry, Samsung's new plasma TV's give the most stunning realistic picture quality ever from a flat panel set.

1366(H) x 768(V) pixel resolution presents video and text with outstanding clarity and resolution.

16:9 widescreen aspect ratio Fill your screen with DVD and HDTV images which are increasingly available and presented in wide screen formats. On board aspect ratio controls allow for handling analog 4:3 sources in standard, wide screen, panorama, and zoom modes.

60,000 hour panel life. Samsung's new 5th generation panels are made to last longer, so you can be confident that the high picture quality will endure.

Built-in HDTV tuner (NTSC 3.58/ATSC) 13-bit processing (549 billion colors) When it comes to reproducing natural images, Samsung TVs are unrivaled. Thanks to the new 13-bit processing capability of DNle™, Samsung TVs can produce over 549 billion colors. Compare that to most competitors' 10-bit processing systems that produce just one billion colors. From the faint sunlight of dawn to the extreme spotlights of a fashion show, Samsung Plasma TVs provide vivid, life-like images that rival reality.

Split screen & picture-in-picture enables convenient simultaneous viewing of TV and video or PC sources.

DNle™ The Samsung Digital Natural Image engine. This exclusive Samsung technology dramatically improves the picture by enhancing the contrast, detail, white balance and reduces noise.

175° (H/V) viewing angle

3D Y/C digital comb filter constantly analyzes the three dimensions of picture height, picture width, and picture changes over-time, to dramatically reduce edge image artifacts while improving transition detail.

Burn-in resistant panel with

- Auto pixel shift (user programmable)
- Signal pattern processing function
- White screen processing function

Power Save feature reduces energy consumption by up to 25% compared with standard TVs.

Integrated swivel stand

15-watt per channel built-in audio amplifier. Powerful built-in amplifier to drive the integrated stereo speakers.

One-way, 6-speaker system

SRS TruSurround XT™. TruSurround is a patented SRS technology that solves the problem of playing 5.1 multichannel content over two speakers. TruSurround delivers a compelling, virtual surround sound experience through the two-speaker internal playback system.

On/Off timer and Sleep timer (180 min max)

OSD language: English, Spanish, French

Auto power off (15 min after no signal)

Favorite channel list

Cinema Progressive (Film mode)

Warranty

2-year parts and labor warranty.

Samsung's warranty is longer than most competitors for a reason. The product is built to last and provide years of trouble-free top quality enjoyment.
