Live your entertainmentu don't just watch it.

The Mitsubishi experience is brought to life through timeless lines, the pursuit of quality and a commitment to innovation while never losing sight of what matters most to our customers. This is the Mitsubishi philosophy of design, evident in our 148 Series 1080p LCD Flat-Panel HDTVs.

The Ultra-Thin Frame™ of our 148 Series LCD Flat Panel HDTVs puts the focus on our large screen. The result is an all-picture sensation that puts you in the middle of all the action, while our Smooth120Hz™ Film Motion feature gives you a "blur free" image during fast moving content while preserving the integrity of film by eliminating annoying "film judder". And with NetCommand® w/IR Learning, you can eliminate clutter from your life by controlling all of your audio and video equipment with one remote. After all, technology should simplify your life, not complicate it.
