## 32" LCD Integrated HDTV

**LG's Exclusive XD™ Engine** Six distinct processes contribute to picture improvement. LG's XD Engine takes the low resolution of analog signals to near HD levels by improving brightness, contrast, detail and enhancing color as well as reducing signal noise. This total solution results in cinema like high resolution images.

**Super IPS Technology™** Reduces common distortion and blurring caused by fast motion video and also provides one of the industry's widest viewing angles (178°).

**Digital Cable Ready** This HDTV includes a cable tuner which allows reception of digital cable programming without the need for an external cable box.

- ATSC/NTSC/QAM Clear Tuners
- Digital Cable Ready (CableCARD™)
- TV Guide On Screen®
- 9-in-2 Multi Memory Card Reader
- HDMI with HDCP
- IEEE 1394 with DTV Link
- 1200:1 Contrast Ratio
- 1366 x 768p Resolution
