- DynaLight™ Dynamic Backlight Control for Deep Black Levels
- Gaming Mode for Fast Game Controller Response
- 3 HDMI™ Digital Inputs with REGZA LINK® (CEC)
- PC Input (15 Pin, D-sub)
- ThinLine Bezel Design in High-Gloss Black

# 32CV510U

Enjoy 720p high-definition video and a sleek, new ThinLine bezel with a 32" (measured diagonally) LCD Flat Panel TV. The power of DynaLight™ Back-Light Control and PixelPure 4G™ video processing take your home theater to the next level, offering superior image quality and seamless transitions.

**DynaLight™ Back-Light Control** utilizes advanced image processing to monitor the brightness of each video frame, and adjust the backlight intensity accordingly. This precision creates seamless transitions with deep blacks for increased detail and depth analysis.

**PixelPure 4G™** takes advantage of the internal 14-bit video processor to reach 4,096 levels of gradation, producing a smooth and natural picture.

**CineSpeed™** LCD panels have the 8ms or faster response speed necessary for cleaner high-action home theater images. A wide viewing angle ensures that you'll have the best seat in the house.

**Gaming Mode** enhances the gaming experience by reducing the amount of time it takes for the signal to travel from the game controller to the TV.
