- **Set weight:** 42 kg

Accessories

- **Included accessories:** Power cord, Remote control, User manual, RF cable, Wall mounting bracket
- **Optional accessories:** Wireless SmartLoader 22AV1 I20, Set up Remote RC2573GR

Product highlights

Wireless Smart Loader™

Provides the ability to copy easily and wirelessly all programming settings from one TV set into other TV sets in less than a minute. The feature ensures uniformity between TV sets and significantly reduces installation time and costs.

Welcome Message

Welcome greeting displayed on screen each time the TV set is switched on

Volume Control Locking

This feature predefines the volume range in which the TV set can operate, preventing excessive volume adjustments avoiding disturbance of next door neighbours.

Front Controls Locking

Prevents unauthorised access to TV functions

Switch On Channel Programming

It forces the TV set to a specified channel when turned on. Perfect for in-house advertising or information channels.

Security Menu Access

Provides conditional access to installation and configuration settings via a special code or master remote control

Battery Low Detection

This feature informs of the need to replace the remote control batteries preventing unnecessary replacement of batteries.

SmartCard Xpress™ Box

Allows third party decoders and application cards to interface with the TV adding new functionality to the TV. Expandable for future upgrades and digital applications like internet based solutions. The optional SmartCard Xpress™ Box can be mounted at the rear side of the TV set. The solution is optimised in combination with system LCD and Plasma TV's.

Extra Power Supply (opt)

The (optional) Extra Power Supply ensures operation of the Expansion Slot, the Clock Display and Wake-up Alarm when the TV set is switched off.

Upgradable software

The upgradable software architecture ensures that the TV is future-proof and compatible with new technologies and developments, securing your investment.

Pixel Plus

Uses the power of the Pixel Plus processor to increase the number of lines and the number of pixels. The result is razor sharp pictures with incredible detail and depth, every time from any source.

Compact and slim design

This design style emphasises a slim, compact look that saves space and fits in anywhere.
