- Depth ..... 4 11/16"
- Weight ..... 130 lbs.

#### Monitor With Tabletop Stand

- Height ..... 36 3/4"
- Width ..... 59 1/2"
- Depth ..... 17 1/2"

### Warranty

- 1 Year Parts and Labor Warranty In-Home Service

<sup>1</sup> WXGA Resolution - 720 HDTV signals are scaled to fit the 768 display. More than 94% of the 720 signal is scaled to the display. Due to variances in program productions and transmissions not all of the 720 signal is suitable for display.

<sup>2</sup> Compared to previous generation panels  
<sup>3</sup> Requires the internal tuner plus an external tuner or other source device

<sup>4</sup> This digital television is capable of receiving basic analog, digital basic and digital premium cable television programming by direct connection to a cable system providing such programming. A security card (CableCARD) provided by your cable operator is required to view encrypted digital programming. Certain advanced interactive digital cable services may require the use of a set top box: video-on-demand, cable operator enhanced program guide, data enhanced television service. For more information contact your local cable operator.

<sup>5</sup> HDMI inputs are compatible with DVI-HDTV (HDCP) signals when combined with an adapter cable. Adapter cable is not included.

All specifications and dimensions are subject to change without notice. Refer to [www.hitachi.us/tv](http://www.hitachi.us/tv) for updated custom installation specifications.
