Functions

Double Images, Double Remote Controls, with Independent MTS Sound

PIP/POP with double remote controls and double Images, as if one TV divided into 2 sets. The Built-in independent MTS sound will not interfere with each other. That husband & wife are able to watch each of their own favorite TV shows without arguments.

"0" Radiation, Very Long Life
 170° Exceptional Wide Angle View
 85% of TV Set are able to recycle
 with total environmental protection
 The Electric Consumption=30" LCD TV=1/2 42" PDP

dnp **dnp optical screens**
dnp optical screens provide up to 4 times brighter images than conventional front or rear projection screens.

DCDi **DCDi (Directional Correlational Deinterlacing)**
technology to eliminate the jagginess in video. The unique algorithm identifies all the moving edges in a scene and adjusts the angle of interpolation at each pixel

3:2 Pull Down **2:2/3-2 Pull Down field configuration**
24fps film is transferred to 30 fps videotape, is based on four film frames equaling five video frames.

BUE **Benefits in Pro Audio World**
delivering the signal to the speaker in a form which allows it to reproduce the original live performance more fully and more faithfully.

SRS **SRS™ Surround Sound**
VIVITEK 56" HDTV with SRS processor delivers amazing surround sound.

MTS **MTS Stereo Sound**
