

DAEWOO 42" WIDE SCREEN PLASMA EDTV MONITOR

Incorporating advanced plasma-display technology, the Wide Screen 16:9 Daewoo DP-42SM, with a wide viewing angle of 160° and only 3.2" in depth, delivers an amazingly sharp picture. Versatile to mount on a wall or stand as the centerpiece in a room, this 42" plasma display monitor will not only fulfill all multimedia needs but will make a fashion statement at the same time. With its extensive connectivity options, this ultra-slim monitor is the perfect complement to any home theater system.
