

LN40B750 40" High Definition TV with 1080p Resolution (39.9" (truncated) actual diagonal screen size)

SERIES **7** LCD TV

Behold smoother, bolder, more breathtaking full HD 1080p images and advanced connectivity options right on the LN40B750. With the innovative Touch of Color™ design, the 750 features the radical Auto Motion Plus™240Hz technology, which produces an unbelievably clear picture, no matter how fast the action. The Ultra Clear Panel and an impressive 150,000:1 dynamic contrast ratio bring out the deep, dark blacks and pristine whites. Also helping to redefine HDTV is Internet@TV™: access digital entertainment from online TV widgets with partners like Yahoo!®, Flickr®, eBay® and others right on your TV. It's everything you're looking for in an HDTV, and more.

LN40B750 40" High Definition TV with 1080p Resolution (39.9" (truncated) actual diagonal screen size)

SERIES **7** LCD TV

SPECIFICATIONS

CCFL—Cold Cathode Fluorescent lamp

150,000:1 dynamic contrast ratio

Auto Motion Plus™240Hz: Advanced processing that reduces blur and enhances image detail when viewing fast motion video sequences.

HD-Grade 1920 (H) x 1080 (V) pixel resolution: High-resolution pixel density is combined with a built-in image scaler to handle inputs from a variety of digital and analog audio/video sources.

Touch of Color™ (ToC): Samsung's unique manufacturing process accents the surrounding bezel with a stylish red tone

Response time: A fast 2ms response time minimizes blurring of fast motion in sports programs.

Widescreen aspect ratio

Ultra Clear Panel: Advanced LCD technology lets you enjoy crisp image details, natural skin tones, excellent shadow detail, and vibrant colors.

Built-in digital tuner: no external box

FEATURES

Medi@2.0

- **Internet@TV - Content Service:** Receive content from Yahoo!®, Flickr®, and more via on-screen TV widgets.
- **DLNA®:** Sync your connectable home electronics and display remote content on your TV.
- **Pre-loaded Content Library™ (Flash):** Enjoy hours of built-in entertainment features, then personalize it by adding content that's available online.
- **USB 2.0 Movie:** Show digital home movies, photos, PC presentations and more on your TV, using the remote.

Wide Color Enhancer3: Optimizes a given color's hue, resulting in more natural rendering of colors.

Picture-in-Picture (PIP): Enables convenient, simultaneous viewing of TV programs and video or PC content sources.

Game Mode enhances dark areas, sharpens the picture, speeds up the image processing response and enhances the sounds of your games. Picture and sound quality optimized for the special needs of gaming systems at the touch of a button.

Energy Star® Compliant reduces energy consumption by up to 25% compared with standard TVs.

Crystal Neck Swivel stand
Single User Interface
