## Fujitsu 42" Plasmavision® EDTV Model P42VHA51WS

This next generation enhanced definition plasma display features the critically acclaimed Advanced Video Movement-II (AVM-II) digital video processor, which further enhances the award-winning picture quality of Plasmavision displays. Superior picture quality and natural color display combine to virtually transport you to far away places. Whether you're watching a sporting event, your favorite television program, or the latest DVD release, images appear so real you'll feel like you're actually there.

*Recreating all  
the power and  
impact of the cinema  
at home*

- Native Resolution 852 x 480
- 4,000:1 Contrast Ratio
- 3.4 Inches Thin
- 160° Wide Viewing Angle
- AVM-II Digital Video Processor
- 1.07 Billion Colors
- AVM Noise Reduction
- Advanced Color Management
- HDMI Digital Audio/Video Input
- 8 Picture Memory Modes
- Slim and Lightweight
- Ambient Light Sensor

THE POSSIBILITIES ARE INFINITE

**FUJITSU**

# Plasmavision®

## Key Features

### AVM-II Digital Video

**Processor** virtually eliminates motion artifacts and flicker, improves vertical resolution and reproduces natural movement with ease.

### AVM Noise Reduction

reduces the "digital noise artifacts" often present in today's heavily processed (compressed or expanded) video content, and smoothes jagged edges.

### Ambient Light Sensor

senses the relative brightness of the viewing room and digitally adjusts the screen brightness and contrast, without you having to dim the lights or close the blinds.

### Advanced Color

**Management** adjusts specific hues to appear more natural.

### HDMI Connectivity

The P42VHA51WS features a High-Definition Multimedia Interface (HDMI) input, enabling true high-definition audio/video content and crystal-clear digital quality through a single cable.

### Brilliant Color Display

Using a 10-bit processing system, the P42VHA51WS produces over 1.07 billion colors to represent on-screen images in their most natural color.

### 8 Memory Mode Settings

let you instantly call up any one of up to 8 discrete picture settings customized for your most important picture sources, program content and room lighting conditions.

## Specifications

Model	P42VHA51WS
Screen Size (Diagonal)	42" diagonal
Screen Dimensions (WxH)	36-1/4" x 20-3/8"
Dimensions (WxHxD)	40-7/8" W x 25-5/16" H x 3-7/16" D*
Weight (lbs)	69.4
Pixel Count	852 x 480
Contrast Ratio	4,000:1
Displayable Colors	1.07 billion colors
Video Standards Supported	NTSC, PAL, SECAM, M-PAL, N-PAL, 4.43NTSC, PAL-60
