

PN50B860 50" Widescreen Plasma HDTV (49.9" (truncated) actual diagonal screen size)

Samsung's new 8 Series plasma flat panel HDTV represent our finest innovations in design and performance. Samsung's 8 Series E-Panel technology combined with our Ultra FilterBright™ Plus technology provides a stunning high contrast picture even in brighter rooms. It's not just the images on screen that capture your attention – the Ultra Slim cabinet is only 1.2" deep and gives you added versatility with its stylish vibe. The new Medi@2.0 connectivity package offers customizable online content via user-friendly "widgets," networking capability via the DLNA standard, and playback of your camera and camcorder via USB 2.0. Add 4 advanced HDMI inputs that feature Samsung's Anynet™+ (CEC standard) technology making system control of compatible A/V devices like a Blu-ray player or HTIB system a one-touch operation. If you're looking for the best Full 1080p performance and advanced connectivity, Samsung's new 8 series plasma HDTVs are designed with this in mind.

TV/VIDEO

SERIES **6** PLASMA TV

SPECIFICATIONS

New E-Panel with Ultra FilterBright™ Plus anti-glare technology: delivers improved performance in the areas of color saturation, contrast and energy efficiency.

Touch of Color™ (ToC): Samsung's unique manufacturing process accents the surrounding bezel with a stylish gray tone.

Crystal Full HD Engine: Images of incredible clarity are achieved by the Samsung Crystal Full HD Engine chip. By unifying all of the TVs advanced imaging technologies, the Samsung Crystal Full HD Engine expands performance, enhances all aspects of the image, and takes picture quality and image integrity to new levels of excellence.

Cinema Smooth™: refined playback of 24p movies from Blu-ray and satellite HDTV sources.

New E-Panel advanced technology

- **Ultra FilterBright™ Plus** panel further minimizes glare and reflections.
- **600Hz Subfield Motion** for clear high-contrast motion pictures.
- **Response time:** A fast .001ms response time optimizes fast motion video content.
- **1080 Full HD Motion** delivers better resolution with less blurring during faster motion sports, movies and games.
- **Mega Dynamic Contrast ratio** expands black level and color performance in Samsung's latest-generation plasma panels.

Medi@2.0 Connectivity

- **Internet@TV - Content**
- **DLNA Networking with compatible components**
- **Content Library™ (Flash Memory):** stores limited amount of pictures and video for playback.
- **USB 2.0 Movie** for playing MP3, MPEG movies and displaying JPEG files through the USB 2.0.

Wide Color Enhancer3: expanded selectable color reproduction settings.

Built-in HDTV Tuner (ATSC/NTSC) with Clear QAM tunes off-air and unscrambled digital local cable channels

Game Mode: A push of a button enhances the image processing response and sounds of your games.

Picture-in-Picture (PIP): Enables convenient, simultaneous viewing of TV

programs and video or PC content sources
Single User Interface: on screen design

SRS TruSurround HD™ creates an immersive, feature-rich surround sound experience from two speakers, complete with rich bass, high frequency detail and clear dialog.

15 watts per channel (30 watts total)

Built-in Woofer: deeper sound

HDMI High Definition Multimedia Interface provides a simple single solution for connecting high quality digital audio/video signals from DVD, Blu-ray players, HDTV cable and satellite set top boxes. Our latest version HDMI features Samsung's Anynet+ technology.

Anynet™+ (HDMI-CEC): allows the TV's remote control to operate at the push of one button, peripheral AV devices such as a DVD player featuring HDMI-CEC.

Side A/V connections: Provide convenient and easy connections for camcorders, cam-eras, or other compatible AV devices.

ENERGY STAR® Compliant reduces energy consumption by up to 40% compared with prior year PDP TVs.

Intelligent Power Saving: selectable levels

V-Chip¹ system: Allows blocking of rated TV and movie programs determined by a parent to contain objectionable content.

Trilingual on-screen displays: Available in English, Spanish, or French.

Favorite channel list permits programming select channels and accessing them by touching the favorites button.
