DEFINE series

home theater by design

Performance, value, superb industrial design; all hallmarks of byd:sign's commitment to building superior flat panel televisions and monitors. The new DEFINE series combines all performance you would expect from a much higher priced product; ultra thin design, crystal clear high definition plasma display screen, and a superbly crafted remote control. The d:5032M also features a large compliment of input terminals making connections to multiple devices convenient and without compromise.
