HP-S5053 50" High Definition Plasma TV

No matter how you look at it, Samsung's TrueWide HP-S5053 50" Plasma HDTV makes any room look better. Even in a lightfilled room, the picture's 10,000:1 contrast ratio remains remarkably high and glare-free, thanks FilterBright[™] technology. to Unparalleled 13-bit processing translates into 549 billion colors that capture every nuance, even in freeze-frame. Samsung's high-quality smoothing technology delivers a more pleasurable viewing experience-even at a 175° angle. Two HDMI[™] connections and additional video inputs allow full digital A/V playback; hidden speakers incorporate SRS TruSurround XT[™] technology to maximize the audio effect.

TV/Video

- New Samsung Gen-5 panel
 - 10,000:1 contrast ratio
 - 1,300 cd/m² brightness
- 60,000 hour panel life* (27 years @ 6 hours/day)
- 1366(H) x 768(V) pixel resolution
- 16:9 widescreen aspect ratio
- Built-in HDTV tuner (NTSC/ATSC)
- 13-bit processing (549 billion colors)
- Split screen & picture in picture
- Samsung DNIe[™] (Digital Natural Image engine)
- 175°(H/V) viewing angle
- 3D Y/C digital comb filter
- Auto pixel shift (burn in resistance)
- TrueWide design with hidden speaker
- FilterBright[™] anti-glare filter
- Power save feature

Audio

- 10-watt per channel built-in audio amplifier
- Built-in 1-way, 2-speaker system
- SRS TruSurround XT[™]

Rear A/V connections

- 2 HDMI High Definition Multimedia Interface
- 2 component video inputs (Y,Pb,Pr)
- S-Video and composite video input
- PC (RGB) input

Side A/V connections

- S-Video and composite video input
- Headphone jack

HP-S5053 50" High Definition Plasma TV

Specifications

10,000:1 contrast ratio/1300 cd/m² brightness. Two of the most important factors in overall picture quality, contrast and brightness, achieve new heights in these latest generation plasma panels. Together with the DNIe proprietary circuitry, Samsung's new plasma TV's give the most stunning realistic picture quality ever from a flat panel set.

1366 horizontal x 768 vertical pixel resolution presents video and text with outstanding clarity and resolution.

60,000 hour panel life. Samsung's new 5th generation panels are made to last longer, so you can be confident that the high picture quality will endure.

16:9 Widescreen aspect ratio: Fill your screen with DVD and HDTV images which are increasingly available and presented in wide screen formats. On board aspect ratio controls allow for handling analog 4:3 sources in standard, wide screen, panorama, and zoom modes.

Built-in HDTV tuner (ATSC/NTSC)

13-bit processing (549 billion colors) When it comes to reproducing natural images, Samsung TVs are unrivaled. Thanks to the new 13-bit processing capability of DNIe[™], Samsung TVs can produce over 549 billion colors. Compare that to most competitors' 10-bit processing systems that produce just one billion colors. From the faint sunlight of dawn to the extreme spotlights of a fashion show, Samsung Plasma TVs provide vivid, life-like images that rival reality.

Split screen & picture-in-picture enables convenient simultaneous viewing of TV and video or PC sources.

DNIe[™] The Samsung Digital Natural Image engine. This exclusive Samsung technology dramatically improves the picture by enhancing the contrast, detail, white balance and reduces noise.

175° (H/V) viewing angle

3D Y/C digital comb filter constantly analyzes the three dimensions of picture height, picture width, and picture changes over-time, to dramatically reduce edge image artifacts while improving transition detail.

Burn-in resistant panel with

- Auto pixel shift (user programmable)
- Signal pattern processing function
 White screen processing function

TrueWide design with hidden speaker

FilterBright[™] anti-glare filter

Power save feature

10-watt per channel built-in audio amplifier. Powerful built-in amplifier to drive the integrated stereo speakers.

Built-in 1-way, 2-speaker system

SRS TruSurround XT[™]. TruSurround is a patented SRS technology that solves the problem of playing 5.1 multichannel content over two speakers. TruSurround delivers a compelling, virtual surround sound experience through the two-speaker internal playback system.

1-year parts and labor warranty. Samsungs warranty is longer than most competitors for a reason. The product is built to last and provide years of trouble-free top quality enjoyment.
