

LN-T5265F

52" 1080p HDTV with Integrated ATSC Tuner

For those who are ready for the clearest, brightest LCD picture on the market today, Samsung presents the LN-T5265F. Full 1080p resolution is just the beginning: the color-saturated 52" picture boasts a 15000:1 dynamic contrast ratio, displaying rich blacks and capturing subtle nuances. A fast 8ms response time ensures smooth, lifelike motion. SRS TruSurround XT™ sound from hidden side speakers is enhanced by the premium audio sound of 2.2 channel dome speakers. Enjoy connectivity with all your other digital devices, with 3 HDMI ports and a full complement of inputs. And the handy HDMI-CEC feature lets you control all your CEC-enabled peripherals using just one remote.

LN-T5265F

52" 1080p HDTV with Integrated ATSC Tuner

Features

Widescreen Aspect Ratio

HD-Grade 1920 (H) x 1080 (V) pixel resolution: High resolution pixel density with built-in image scaler to handle inputs from a variety of digital and analog audio/ video sources.

CCFL—Cold Cathode Fluorescent Lamp: Provides colors in your picture that were not available before.

Wide Color Enhancer

Optimizes a color's hue resulting in more natural colors.

178°(H)/178°(V) viewing angle improves viewing angle, contrast, and brightness to provide an even better picture.

10 bit processor

15000:1 contrast ratio/550nit brightness: As two of the most important determining factors in overall picture quality, contrast and brightness levels achieve new heights in this latest generation LCD panel. Samsung's new LCD TV's give the most stunning realistic picture quality ever from a flat panel set.

Wide Viewing Angle Panel

Super clear panel

Built-in digital tuner: (ATSC/Clear QAM)

Picture-in-Picture (PIP) enables convenient simultaneous viewing of TV programs and video or PC sources.

Game Mode enhances dark areas, sharpens the picture, speeds up the image processing response and enhances the sounds of your games. Picture and sound quality optimized for the special needs of gaming systems at the touch of a button.

Response time: Fast 8ms response time minimizes blurring of moving video.

V-Chip system¹ allows blocking of rated TV and movie programs determined by the parent to contain objectionable content.

Trilingual on-screen displays in English, Spanish or French.

Variable sleep timer to turn the TV off in varying time intervals.

SRS TruSurround XT™. TruSurround is a patented SRS technology that solves the problem of playing 5.1 multichannel content over two speakers. TruSurround delivers a compelling, virtual surround sound experience through any two-speaker playback system, including internal television speakers and headphones. It is fully compatible with all multichannel formats up to 5.1 channels.

Stereo broadcast reception: (MTS & SAP) with 181-channel capacity.

"Hidden" side built-in speakers with 10 Watts x 2 Audio Power

Auto volume leveler keeps audio volume consistent during channel changing.

Side A/V ports provides easy connections so you can connect a camcorder, digital camera, or any other digital device with no hassles.

Removable stand and VESA

compatible hole mounts: If you want to install your TV on your wall, you can easily remove the stand and use a VESA compatible wall mount to safely and stylishly attach your TV to the wall.

Auto wall mount compatible: 3-dimensional operation via TV's remote control; no external IR receiver required.

Swivel stand

Connections
